

More Borden Baby Contestants

Below and on page 9, main section; page 7, Woman's section, and page 3, third section, will be found more photographs of babies entered in the Borden Contest. These photographs have not been published before. On the Woman's page of this issue appear the ten leading prize winners, also names of other prize winners, according to the decision of the judges. The pictures of these babies have been published in different issues of The Herald during the contest, and some of them appear among those published to-day. The twins receiving special awards appear on this page.

Borden's Condensed Milk Co. thanks the public for the interest they have taken in this great contest, and assures all parents that every care and consideration has been given all the contestants.
